WARNING

Ice hockey is inherently dangerous. Participation implies the acceptance of some risk of injury. Use of this goalie helmet will not prevent all injuries. This unit affords no protection from neck, spinal or brain injuries. When used as intended, this unit is designed to reduce the frequency and severity of injuries to the face and head. This helmet should be continuously inspected for deterioration. If the helmet or face protector is severely impacted, short of failure, then the degree of protection provided will be reduced and must be replaced.

I have read and understand the above warning and will not hold Mario Design liable in any way. I authorize Mario Design to apply custom graphics to my helmet and allow them to remove or cover any existing warning labels if needed.
